hanukkah decorations
tuesday, december 12th
-
secret santa
wednesday,
december 20th
-
kwanzaa @ dic:north
tuesday, december 26th

our big ART OFF - via san bruno comm. foundation

"I had no idea this place even existed, or that you had all of this stuff!" and "We should do something like this every year!" were just some of the comments from folks who attended our ART OFF exhibit and competition in November.

Our 17 submissions came from first-timers who heard about us through flyers we posted at local schools and current members of our Drop-in Center community. Categories for submissions included: Sculpture, Photography, Painting and Drawing.

We had light snacks/drinks, then voted on the best submission from each category. Winners received tickets to the deYoung and SF MoMA, and gift cards to art stores.

All of this made possible through the San Bruno Community Foundation. Thank you for this opportunity!

sculpting workshops - peninsula museum of art

Our new collaboration with Peninsula Museum of Art brings a series of 3 sculpting workshops, courtesy of artist BJ Stevenson at the Peninsula Museum of Art! See flyer on Page 3 for more info!

Executive Director Ruth Waters will be visiting Drop-in Center: North for an exclusive Sculpting Theory workshop to go over techniques and tools of the trade. See our Calendar on Page 2 for more details!

new xbox one - courtesy of EA games

Big thanks to Chris Bruzzo, Chief Marketing Officer of EA Games and his company's contribution of a brand new XBOX One! Videogames have been a tried and true way of getting different people together at our Center. We can't be any more grateful for this upgrade!

Be seen. Be heard. Be known.
